THE FROG.

Of all the funny things that live,
In woodland, marsh or bog,
That creep the ground or fly the air,
The funniest is the frog—
The frog—the scientifickest
Of Nature's handiwork—
The frog, that neither walks nor runs,
But goes it with a jerk.

With pants and coat of bottle green,
And yellow fancy vest,
He plunges into mud and mire—
All in his Sunday best.
When he sits down he's standing up,
As Paddy O'Quinn once said,
And for convenience sake he wears
His eyes on the top of his head.

You see him sitting on a log,
Above the "vasty deep;"
You feel inclined to say, "Old chap,
Just look before you leap!"
You raise your cane to hit him on
His ugly looking mug;
But ere you get it half way up,
Adown he goes *kerchug!*

FACT, FUN AND FANCY.

☞ It is the best proof of the virtues of a family circle, to see a happy fireside.

☞ Who conquers indolence will conquer all the rest.

☞ In the choice of a wife, take the obedient daughter of a good mother.

☞ To hear, to understand, and to bring forth fruits, are the three grand evidences of a genuine believer.

☞ "Which can travel the fastest, heat or cold?" "Why, heat you dunce! Can't anybody catch cold?"

☞ An Irishman went into a cooper shop, and asked for an empty barrel of flour, to make his dog a hen coop.

☞ "There's a brandy smash," as the wag said, when a drunken man fell through a pane of glass.

☞ The soul of liberty is the love of law, says the German philosophic Klapstock.

☞ When an extravagant friend wishes to borrow your money, consider which of the two you would rather lose.

☞ He that cannot forgive others breaks down the bridge over which he must pass himself; for every man hath need to be forgiven.

LABOR AND OATS.—Idleness is the mother of mischief; the moment a horse is done eating his oats, he turns to and gnaws down his manger.

☞ "Mamma," said a promising youth of some four or five years, "if all people are made of dust, ain't niggers made of coal dust?"

☞ It is a common saying of moralists, that the lower order of animals have not the vices of man, yet it is certain that some of the insects are *backbiters*, and all the quadrupeds are *tale-bearers*.

☞ An exchange paper says, "If you would keep your children in health, give them plenty of fresh air." This is well enough; but now-a-days children put on so many airs of their own, that it is almost impossible to give them a fresh one every day.

☞ A census-taker once called upon the mother of a family in California, and asked her how many children she had. The mother replied that there was one thing of which she was certain, "that the measles got among the children once, but there wasn't enough to go round."

"OUR FATHER."—The little word "Father," saith Luther, lisped forth in prayer by a child of God, exceeds the eloquence of Demosthenes, Cicero, and all the other famed orators of the world. If a man be not interested in Christ, he may perish with "Our Father" in his mouth.—*Brooks.*

☞ At a christening, while the minister was writing the certificate, he happened to say—"Let me see, this is the 30th, meaning the day of the month.—"The thirtieth!" exclaimed the indignant mother, "indeed it's only the eleventh."

☞ Imaginary evils soon become real ones, by indulging in our reflections on them; as he, who in a melancholy fancy sees something like a face on the wall or the wainscot, can by two or three touches with a lead pencil, make it look visible and agreeing with what he fancied.

☞ "I'm very sorry," said a learned judge to a young woman, who hesitated much in giving some very unpleasant evidence, "I am very sorry to have to enforce such an explanation as this; it must of course, be painful to any decent person, but the ends of Justice require it; and not only so, but all the well dressed females you see on either side of me, have come a long way to hear that which pains you so to utter."

☞ A clergyman in a New Hampshire pulpit, having with great eloquence, urged his congregation to abstain, on Thanksgiving day, from all labor and all business pursuits, and to attend church in the forenoon, concluded with this touching appeal:

"If any of the brethren are at leisure in the afternoon, I should be pleased to see them at my house, as I intend to take that opportunity, should friends enough assemble, *to move my barn!*"

☞ Colonel Stone, a practising lawyer, and Doctor Mason, a practising physician, were rival candidates for the Senate, and were stumping the district together. Dr. Mason was a warm advocate for law reform, and, in arguing its necessity, he referred to a certain case in which his competitor had been nonsuited upon some technicality. "Now," said Dr. Mason, "we need to have the law reformed, or Col. Stone is incompetent to bring a suit correctly—he can take either horn of the dilemma."

Colonel Stone replied: "Fellow-citizens, the *Doctor* has the advantage of me. When I make a mistake in my profession, he has only to go to the records of the court and find it and publish it to the world; but when he makes a mistake in *his profession* he buries it six feet under ground!"

The people appreciated the lawyer's ready wit, and forgave him the blunder charged upon him for the sake of the clever retort he made at the doctor's expense.

To Farmers and Planters

PER-MANIPULATED GUANO,

A COMBINATION OF

☞ *Best Peruvian and the best Phosphatic Guano, made with the best Machinery and most expert Workmen.*

☞ *On most Lands and on most Crops SUPERIOR in its effects to either Peruvian or any other Guano.*

By Dr. James Higgins,

FOR THE LAST TEN YEARS

State Agricultural Chemist

OF MARYLAND.

THIS combination of Peruvian and the Phosphatic Guano was *first* recommended by me more than *six years* ago, and very successfully used by many planters and farmers in this State, though several dealers in Baltimore city have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with a constant and critical examination for more than ten years, of every kind of manure sold in our market, advantages possessed by none others in the trade, will enable me always to furnish those, who may favor me with their orders, with the *best, purest,* and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE of MAGNESIAN LIME, according to the wants of the soil—and too much care cannot be taken in adapting the proper lime to soils; for the want of this, thousands of dollars have been annually lost to our State. Also, the following artificial Manures:

HIGGINS' SUPER-PHOSPHATE OF LIME, prepared under his own direction; and

HIGGINS' NITRATED SALINE FERTILIZER, an admirable top-dressing for wheat, oats or grass, which has been very successfully used, and prevents, to a great extent, the wheat from being straw-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *obliteration, &c,* and for these things *our Inspection System has never afforded an adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed, and for their purity the buyer is pledged *a legal guarantee* and my *personal honor.*

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of any selection, should so specify in their orders to their agents in Baltimore.

TERMS CASH, or accepted Baltimore city paper.

☞ I will also attend to the **Buying of Real Estate,** and EVERYTHING connected with the Farming and Planting interest.

For sale now, several *very fine FARMS* on the Baltimore and Washington road, one of them with elegant improvements and every convenience, in the most beautiful and elegant location on it, and several large tracts in Virginia, with negroes, stock, &c. attached.

OFFICE and Laboratory, Second Street, 2nd door from South St. in Gittings' New Building BALTIMORE, Md.

☞ All orders will be promptly attended to.

JESSE T. HIGGINS.

Poolesville, Md., April 5, 1856.

JOHN ALLEN'S IMPROVED TUB WASHING MACHINE.

Patented Sept. 14, 1858.

THE subscriber having purchased the right of "JOHN ALLEN'S Improved Tub Washing Machine" for Montgomery county, would respectfully inform the citizens that he is prepared to supply them at very moderate prices.

This Tub combines in itself all the advantages of the best patented washing-tubs without their defects, having for its basis Semi-Cylindric Rubbers. These Rubbers are indispensible. They perform an essential work in rubbing the clothes, which they do in an oblique manner, thus avoiding sudden or abrupt contact which would be injurious.

It also possesses 168 Pummels or Knuckles. These also have an important action in knuckling or pummelling the clothes, which they do most effectually.

It contains also 96 Squeezing Angles. This feature is not possessed by any other tub, and is considered to be the most important feature of this invention. The clothes in this tub are *Rubbed, Knuckled and Squeezed,* all at the same time—three movements essential to good washing.

Over 2,000 of these Tubs are now in use in Maryland and the adjoining States, and give entire satisfaction everywhere.

Certificate from E. R. Craven.

I have had *John Allen's Improved Washing Machines* in my laundry in working operation. It washes cleaner and better than any I have ever had in this place. I recommend it to all as being one of the best machines for family use I ever saw. *E. R. CRAVEN.*

Proprietor of Baltimore Steam Laundry.

☞ Price $6. For sale by
JAMES W. CAMPBELL,
mar 25—3m Rockville, Md.

GETTING OUT GRAIN.

AGENCY FOR WHEELER, MELICK & CO.'S IMPROVED COMBINED

THRESHER AND WINNOWER.

THE most convenient, portable, easily worked, and perfectly operating machine for threshing, separating and winnowing wheat, rye and oats, now in use. Though comparatively but little known here there are about 1400 of them in use in other grain growing districts, all giving entire satisfaction.

It is the machine (but much improved) that obtained the First Premium at the Montgomery County Fair at the exhibition in 1855, and elicited universal approbation; and wherever exhibited at a working test in competition with others has always taken the *Premium.*

The two-horse machine cleans in the best manner ready for market, with 5 or 6 hands, from 150 to 200 bushels of wheat per day, and the one-horse from 70 to 100 bushels; occupies but little space; is easily moved from stack to stack and readily put up.

For Farmers who raise from 500 to 2000 bushels of wheat and who prefer to do their work with their own force, no other machine is so desirable.

This machine is *warranted* to give entire satisfaction, or may be returned at the expiration of a reasonable time on trial.

I refer to J. L. Dufief, who owns a two-horse, machine; James Perry Wade, do., *C. Sherwood,* do.; Charles Spates, do., one-horse, and others in the lower section of our county.

Price of Improved One-Horse Thresher and Winnower, including belts, wrenches, can, &c, complete.....$128 00
Two-horse, do.....245 00
Two-horse power alone, with belt.....120 00
Two-horse Thresher and Separator.....125 00
One-horse power alone with belt.....90 00

☞ Freight from Albany added.

☞ Orders by mail promptly attended to. Machines delivered at Georgetown, D. C. or any point on the Railroad.

JESSE T. HIGGINS,
Sole Agent for the County.

Poolesville, Aug. 7, 1857.

THE 'BUCKEYE' CLOTHES WASHER.

WE have purchased the Patent Right for this valuable machine for the States of Maryland and Delaware, and for the District of Columbia, and offer for sale the right for the whole or any part of the same (except Montgomery county, which we reserve for ourselves.)

An energetic business man to canvass the Territory for the sale of County rights is wanted. With a suitable person a very liberal arrangement will be made. Apply to

An Important Letter

From Rev. JACOB SECKLER, well known and highly respected throughout the State of Pennsylvania:

HANOVER, PA., February 16, 1859.

Messrs. S. W. FOWLE & Co., Boston.—Dear Sirs: Having realized in my family important benefits from the use of your valuable preparation—*Wistar's Balsam of Wild Cherry*—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle, there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it. *I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry afloat throughout the country.*

JACOB SECKLER.

MILFORD, Del., October 25, 1858.

S. W. FOWLE & Co., Boston: Please send me a supply of Wistar's Balsam, as I am nearly out, and there is a great demand for it; it is doing wonders; it cures *Coughs, Asthma, Whooping Cough and Consumption,* without fail. There has never been any of the genuine here until you sent me a lot some time since, but plenty of the counterfeit.

Yours, &c., *JACOB F. FOULK.*

REMEMBER, THEREFORE, *all who seek health,* that the only *genuine* has the *written* signature of "I. BUTTS," as well as the *printed* name of the *Proprietors, SETH W. FOWLE & CO., Boston,* on the *outside wrapper. Take no other;* it were money wasted and health jeopardized.

(Dorsey's Hotel, Washington, D. C.
jan 19—12m

New Leaf Turned Over!

IN REGARD to Silks, Robes, Fine Dress Goods, Cloaks, Shawls, Embroideries, &c. we offer an immense stock, all marked in plain figures at the actual cash standard value. No "fancy prices" put on, to be taken off according to the customer's skill in "Jewing." We have blazed the way and showed the public that a one price business can be done in this market, and we doubt not our ability to show them that all luxurious fabrics can be sold really cheap, and there is no actual necessity for those who buy for cash paying for Shawls, Silks, Robes, Cloaks, &c. more than their value.

Customers are invited to inspect our Stock of the above fabrics critically as to quality and prices. Purchasers quite daily that our prices for Cloaks, Robes, &c. are two profits less than some of the stores who keep bills. Of course it cannot be expected where bills are kept that goods can be sold so cheap as at cash stores; nevertheless, two profits above the cash value renders luxurious fabrics very dear.

New supplies from the North and East daily. In future it will be understood that we sell Silks, Robes, Fine Dress Goods, Cloaks, Embroideries, and other "luxurious fabrics" all remarkably cheap, and purchasers may come with the assurance that bargains in reality may be had. We expect to move large lots at a small advance.

NEW AGRICULTURAL AND MACHINE WAREHOUSE,

Agricultural Machinery. Garden and &c. Implements. Fertilizers. Field Seeds. &c.

THE UNDERSIGNED is now prepared to furnish the above mentioned and all articles pertaining to the agricultural business, at the lowest market rates. Having just returned from a tour through the Northern and New England States, where he has visited a large number of the principal Agricultural Manufacturing Establishments, from which he has taken great pains in selecting a choice assortment of Implements and Machinery of all descriptions. He has also made arrangements to be at all times in receipt of any important improvements that may take place in the agricultural line. Another very important feature in this new establishment is, that the proprietor is a practical agricultural machinist, with an experience of twelve years. He has thereby acquired a thorough knowledge of this business in all its various branches. He therefore feels justified in saying that he can obtain and furnish all articles in his line on as reasonable terms as any house in this country.

☞ Machinery of all descriptions repaired at the shortest notice and on the most reasonable terms.

With the above experience and facilities for conducting this business, (which is all important,) he respectfully solicits the patronage of the farming community and public generally. It shall always be his object to please.

Yours, very respectfully,
J. P. BARTHOLOW,
558 7th, st., *six doors south of Pa. Av.*
Washington City, D. C. oct 16.

GUANO, SEEDS, PLOWS, CASTINGS, & MACHINERY, FOR AUTUMN OF 1859.

PHILADELPHIA ADVERTISEMENTS.

HOWARD ASSOCIATION,

PHILADELPHIA.

A Benevolent Institution established by special Endowment, for the relief of the Sick and Distressed, afflicted with Virulent and Epidemic Diseases.

THE HOWARD ASSOCIATION, in view of the awful destruction of human life caused by Sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their Consulting Surgeon, as a *Charitable Act* worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms; and to give *Medical Advice Gratis* to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.) and in case of extreme poverty, to *furnish Medicines free of charge.* It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their Annual Report upon the treatment of Sexual Diseases, express the highest satisfaction with the success which has attended the labors of their surgeons in the cure of Spermatorrhœa, Seminal Weakness, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or Self-Abuse, Diseases of the Kidneys and Bladder, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal, to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse, and other diseases of the sexual organs, by the Consulting Surgeon, will be sent by mail (in a sealed envelope,) *free of charge,* on receipt of *two stamps* for postage. Other Reports and Tracts on the nature and treatment of Sexual diseases, diet, &c. are constantly being published for gratuitous distribution, and will be sent to the afflicted. Some of the new remedies and methods of treatment discovered during the last year, are of great value.

Address, for Report or treatment, DR. J. SKILLIN HOUGHTON, Acting Surgeon, Howard Association, No. 2 South Ninth St., Philadelphia, Pa.

By order of the Directors,
EZRA D. HEARTWELL, Pres't.
jan 21 GEO. FAIRCHILD, Sec'y.

AGRICULTURE.

ED. BLANCHARD'S FERTILIZER, "PATENTED."

THIS COMPOST possesses all properties the soil requires for the raising of Wheat, Corn, Grass, Vegetables, &c., and in experiment made with it and Peruvian Guano, side by side, in raising Wheat, has proved that while its cost is about one-eighth that of the guano, it will produce a far heavier crop.

As this Fertilizer is secured to me as my property by Letter of Patent, dated August 9, 1859, I will take the law in hand and enforce it against all infringers.

Persons may inquire of Elias Spalding, Esq., near Greenfield Mills, Frederick county, Md., where experiment has been made on Wheat.

INDIVIDUAL RIGHT and Recipe to make it, $20. "Rights" by State, County, District, &c. EDMOND BLANCHARD.
aug 26 Poolesville, Montg'y Co., Md.

HOUSE-CARPENTERING AND UNDERTAKING

THE subscriber having located himself in *DARNESTOWN,* for the purpose of carrying on the

Carpentering & House-Joining Business,

would respectfully inform the public that he is now prepared to attend to any work in his line. He guarantees all work done by him to give satisfaction, and his charges will be in accordance with the times.

HAVING provided himself with a splendid new HEARSE, and the best materials for manufacturing COFFINS, he will attend to Funerals in any part of the county.

SAMUEL W. BOSWELL.
Darnestown, April 22, 1859.—3m

UNDERTAKING.

HAVING purchased the farm formerly owned by Geo. D. Spencer, Esq., about one mile from Colesville, and permanently located myself, I would respectfully inform the citizens of Berry's District, and the county generally, that I have prepared myself with materials for carrying on the UNDERTAKING BUSINESS, and hope, from long experience, attention to business, and moderate charges, to share a liberal portion of the public patronage.

☞ I will attend Funerals in any portion of the county. [jy 6] JAMES HICKS.
