Poetry and Original Acrostics.

BY JOHN S. SILVA.

Oh! who, (oft) hath marvelled why
The gods who rule above,
Should permit the young to die,
Who cling to fill-in love?

Ah! why should hapless human kind
Be punished out of season?
Pray listen, and perhaps you'll find
My rhyme may give the reason.

Once, strolling out one Summer's day,
Met Cupid, with his sparrows;
And sauntering in a merry way,
Proposed a change of arrows!

Agreed!—quoth Cupid—I, of course,
The quickest game of errors;
For you the King of Hearts will be!
And I'll be King of Terrors!!

And so, 'twas done—alas, the day,
Their mischievous pastime!
Each from the other bore away
A portion of his darts!

And that explains the riddle why,
Despite the gods above,
The young are early doomed to die—
The old to fall in love!

Fact, Fun and Fancy.

—Pastry cooks generally furnish better puffs than editors do.

—Practice flows from principle; for as a man thinks so will he act.

—Hypocrites are beings of darkness, disguised in garments of light.

—It is less painful to learn in youth than to be ignorant in age.

—A man may be a fool with wit; but never with judgment.

—Difficulties dissolve before a cheerful spirit like snow before the sun.

—A splendid but a poor voice, as the organ-grinder said of the donkey.

—He who lives only to benefit himself, gives the world a benefit when he dies.

—The transient day of sinful indulgence is followed by a dark and tempestuous night of sorrow.

—Why cannot a deaf man be legally condemned? Because the law says no man shall be judged without a *hearing*.

—Why is a horse the most miserable of animals? Because his thoughts are always on the rack.

—There is a lady at Norwood so ignorant of all domestic work that she cannot even knit her brows.

—One ought to have dates at one's finger ends, seeing they grow upon the palm.

—An acre of garden goes farther to feed a family than five acres of grain and pasturage.

—The spire of a very fashionable church is usually the only thing connected with it that goes toward heaven.

—We must not undervalue physicians. Perhaps the fabric of society would fall without them—they are its *pillars*.

—When your hair gets into disorder, what feather deity should you name? Comus.

—An extra dollar spent in deep and thorough plowing will return five dollars in the harvest.

—No one, by merely conversing with a fish, ever succeeded in drawing him out.

—Why is a young lady that's receiving the attention of a gentleman, like a lady who sends relief to Ireland? Because her heart goes Pity-Pat.

—Many persons cavil at high and mean things alike—just as a dog barks with equal earnestness at the moon and a beggar.

—At a Printer's Festival, recently, the following sentiment was offered: Woman—Second only to the press in the dissemination of news.

—To get rid of and keep rid of lice about chickens, use sassafras roosting poles, and scatter sassafras about their nests.

—A wag being asked the name of the inventor of butter stamps, replied that it was probably Cadmus, as he first brought letters into Greece.

—Cobwebs and spider's webs accumulate very fast in stores when the proprietors do not advertise their business. That's so.

—A Western paper says: "A cow was struck by lightning and instantly killed, belonging to the village physician, who had a beautiful calf four days old."

—A young lady asks if we can throw any light upon kissing. We don't want it—the thing is done just as well in the dark.

—Folly—to think you can make pork out of pig iron, or to think you can become a shoemaker by just drinking sherry cobblers.

—Lincoln and Douglas are a great pair of splitters. Lincoln once followed the business of splitting rails, and Douglas has always been splitting hairs, and has now split his party.

—A minister, who had received a number of calls, and could scarcely decide which was the best, asked the advice from a faithful old African servant, who replied "Master, go where is the most devil."

FOWLE & CO.'S SOLUBLE PHOSPHATED PERUVIAN GUANO,

MADE OF GUANOS OF DIRECT IMPORTATION,

Under the personal supervision and direction of Dr. R. H. STABLER, Chemist, of Alexandria, Va.

THIS FERTILIZER

We confidently recommend as the most permanent and cheapest yet offered to the public. Being composed of

No. 1 Peruvian and Sombrero GUANOS,

OF OUR OWN DIRECT IMPORTATION FROM THE CHINCHA & SOMBRERO ISLANDS.

WE WARRANT IT in every respect.

The Sombrero Guano,

Before being mixed, is rendered *immediately soluble* by the addition of Sulphuric acid.—This treatment is universally recommended by the most eminent agricultural chemists. Without it, the action of the two Guanos when mixed is not simultaneous, and consequently comparatively inefficient.

This is the ONLY mixture of the Ammoniated and Phosphatic GUANOS we know of, yet offered to the Agricultural community, in a RELIABLE SOLUBLE form.

Price $50 per ton of 2000 lbs.

Our reports from those who applied the above FERTILIZER to their crops last fall, are *highly satisfactory*—so much so, indeed, as to convince us that our *Soluble Phosphated Peruvian Guano* will ere long, be altogether used in this section as a substitute for the Peruvian Guano, which, *without the addition of Phosphates*, tends rather to exhaust than permanently to improve the soil.

To Farmers and Planters

PER-MANIPULATED GUANO,

A COMBINATION OF

Best Peruvian and the best Phosphatic Guano, made with the best Machinery and most expert Workmen.

On most Lands and on most Crops SUPERIOR in its effects to either Peruvian or any other Guano.

By Dr. James Higgins,

FOR THE LAST TEN YEARS

State Agricultural Chemist

OF MARYLAND.

THIS combination of Peruvian and the Phosphatic Guano was *first* recommended by me more than *six years* ago, and very successfully used by many planters and farmers in this State, though several dealers in Baltimore city have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with a constant analytical examination for more than ten years, of every kind of manure sold in our market, (advantages possessed by none others in the trade,) will enable me always to furnish those, who may favor me with their orders, with the *best, purest,* and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE or MAGNESIAN LIME, according to the wants of the soil—and too much care cannot be taken in adapting the proper time to soils; for the want of this, thousands of dollars have been annually lost to our State. Also, the following artificial Manures:

HIGGINS' SUPER-PHOSPHATE OF LIME prepared under his own direction; and

HIGGINS' NITRATED SALINE FERTILIZER, an admirable top-dressing for wheat, oats or grass, which has been very successfully used, and prevents, to a great extent, the wheat from being straw-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *adulteration, &c.* and for these things *our Inspection System has never afforded an adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed, and for their purity the buyer is pledged a *legal guarantee* and my *personal honor.*

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of my selection, should *so specify* in their orders to their agents in Baltimore.

TERMS CASH, or accepted Baltimore city paper.

I will also attend to the Buying of Real Estate, and AVERTAINING connected with the Farming and Planting interest.

For sale now, several *very fine FARMS* on the Baltimore and Washington road, one of them with elegant improvements and every convenience, in the most beautiful and elegant location on it, and several large tracts in Virginia, with negroes, stock, &c. attached.

An Important Letter

From Rev. Jacob Seckler, well known and highly respected throughout the State of Pennsylvania:

HANOVER, PA., February 16, 1859.

Messrs. S. W. Fowle & Co., Boston.—Dear Sirs: Having realized in my family important benefits from the use of your valuable preparation—*Wistar's Balsam of Wild Cherry*—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle, there was a great improvement in her health. I have in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it. *I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry afloat throughout the country.*

JACOB SECKLER.

MILFORD, Del., October 25, 1858.

S. W. Fowle & Co., Boston: Please send me a supply of Wistar's Balsam, as I am nearly out and there is a great demand for it; it is doing wonders; it cures *Coughs, Asthma, Whooping Cough and Consumption,* without fail. There has never been any of the genuine here until you sent me a lot some time since, but plenty of the counterfeit.

Yours, truly, *JACOB V. FOULK.*

REMEMBER, therefore, *all who seek health,* that the only *genuine* has the *written* signature of "I. BUTTS," as well as the *printed* name of the *Proprietors, SETH W. FOWLE & CO., Boston,* on the *outside wrapper. Take no other;* it were money wasted and health jeopardized.

HAGERSTOWN ADVERTISEMENTS.

GEISER'S PATENT SELF-REGULATING GRAIN SEPARATOR, CLEANER AND BAGGER,

AND THE LATEST IMPROVED

Iron Tripple-Geared HORSE-POWER,

All furnished Complete, if desired, on

Four Wheels.

THE subscribers desire to call the attention of the Farmers and Thrashermen of Montgomery and adjoining counties to their improved Machine for the present year. This machine has now been before the public for six years, during which time it has earned for itself the reputation of being the best Separator in use; and we have made some very important improvements and additions for the present year, which renders it still more perfect, and we take pleasure in recommending it to the public, knowing that it cannot fail to give general satisfaction. We are now manufacturing two different sizes, as follows:

No. 1, the largest size, is 8-horse power, 36-inch Iron Cylinder, Trunk 37 inches wide, with Stacker, delivering the straw 30 feet beyond the feeder and upon the stack 10 feet high, and can be easily managed either to carry the chaff with the straw, or deliver it in a separate place if required. It tags the grain, by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from 20 to 40 bushels per hour, or from 200 to 500 bushels per day, using eight horses and the same number of hands; but to force the work, under the most favorable circumstances, it will do considerably more, or, with the same number of horses and less hands, it will thrash and clean as much or more grain per day than any other machine now in common use and with much more ease and agreeableness to the hands.

No. 2 is the same as No. 1, except something less in size and capacity; it is from 7 to 8-horse power, 30-inch Iron Cylinder, Trunk 31 inches wide.

Persons having good Thrashers, can have Separators, suitable to their capacity, attached, at a comparatively small cost. All our machines are sold under a warranty.

We being practical mechanics, and being engaged in the manufacture of these machines for the last five years, and one of us having the advantage of twenty years practical experience in the thrashing machine business, and having in our employ the most skillful workmen, and using the best material, we flatter ourselves that we are now prepared to manufacture these celebrated machines in the most substantial manner.

REPAIRING done in workmanlike manner. All our work warranted to give satisfaction, or no sale. Orders respectfully solicited.
