Waiting for a Letter.

I am waiting—patient waiting—
Fair promise made to me!
'Tis a letter—is it stating
When she'll be one I shall see.
Slowly pass the hours this morning,
While I'm thinking anxiously
Of this letter, and its coming
To my hand so tardily.

Surely he must be forgetting,
That I'm waiting silently
For his promise, made at parting,
When he kiss'd me tenderly.

No! he cannot thy Word when given,
To a fond, devoted heart;
Guard it as a gift from heaven—
Love and Faith must never part.

Fact, Fun and Fancy.

— Misery loves company, and so does a marriageable young lady.

— It should be remembered that a bare assertion is not necessarily a naked truth.

— A gentleman who spoke of having been *struck* by a lady's beauty, was advised to kiss the rod.

— Prentice thinks the ladies treat their waists as vulgar fractions—to be reduced to the lowest terms.

— An old bachelor says that during leap year the ladies jump at every offer of marriage—hence the term.

— A moderate tourist calls the Niagara river "the pride of rivers." That pride has certainly a tremendous fall.

— Somebody gravely asks if assorting dead letters aids in acquiring dead language.

— The course of true love, of which the poets tell us, it is now discovered, has long since dried up.

— Some malicious persons assert that the letters M. D., which are placed after physicians' names, signify money down.

— The most direct method of determining horse-power—stand near and tickle his hind legs with a briar.

— When a man who has paid a bill is asked to take a drink, is it designed to show that the creditor's claim has been liquidated.

— There is a lawyer so excessively honest that he puts all his flower-pots out over night, so determined is he that everything shall have *its dew*.

— Horne Tooke being asked by George the Third whether he played at cards, replied, "No, your Majesty; the fact is, I cannot tell a king from a knave."

— The rhymer who wrote the line, "*Dear* to me is the surf-tossed beach," probably had in his mind the recollection of his bill at some sea-side hotel.

— A man being commiserated with on account of his wife's running away, said, "Don't pity me till she comes back again."

— A countryman, who saw for the first time a hooped skirt hanging at a shop door, called to ask "what kind of a bird they kept in that cage."

— A poet says: "Oh she was fair, but sorrow came and left his traces there." What became of the balance of the harness, he don't state.

— A clergyman in Rochester, after marrying a couple lately, knelt down and prayed for the "surviving sisters" of the bride.

— A person being asked why he had given his daughter in marriage to a man with whom he was at enmity, answered, "I did it out of pure revenge."

— The most attentive man to business we ever knew was he who wrote on his shop door: "Gone to bury my wife; return in half an hour."

— "We see," said Swift in one of his most sarcastic moods, "what God Almighty thinks of riches by the people to whom he gives them."

— The poet who tried to render a piece of poor prose into rhyme did all he could to "make a bad matter—verse."—*Prentice.*

— A gentleman was threatening to beat a dog that barked intolerably.—"Why," exclaimed an Irishman, "would you beat that poor dumb animal for speaking out?"

— The following notice appeared on the west end of a country meeting house—"Anybody sticking bills against this church will be prosecuted according to law, *or any other nuisance.*"

Old Maids.—A class of sensible women, who refuse to accept a husband until they find some one they can love and esteem—which, of course, they rarely do.

— We are told that the best cure for the palpitation of the heart is to leave off hugging and kissing the girls. If this is the only remedy that can be produced, "we for one say let 'er palpitate."

— We always admire the answer of the man who, when asked how old he was, answered, "Just forty years; but if you count by the fun I've seen, I am at least eighty."

— Our Dan says that whenever he wants a hot bath, and hasn't the money to pay for it, he has only to tell his girl that he has made up his mind to select another sweetheart, and he is in hot water directly.

— Spare moments are the gold dust of time. Of all the portions in our life, spare moments are the most truthful in good or evil. They are the gaps through which temptation finds the easiest access to the soul.

— A gentleman having a horse that ran away and broke his wife's neck, was told by a neighbor that he wished to purchase it for *his* wife to ride upon. "No," said the wretch, "I intend to marry again myself."

— What a glorious world this would be, if all its inhabitants could say with Shakespeare's Shepherd: "Sir, I am a true labrer. I earn that I eat; owe no man hate; envy no man's happiness; glad of other men's good; content with my farm."

FOWLE & CO.'S SOLUBLE PHOSPHATED PERUVIAN GUANO,

MADE OF GUANOS OF DIRECT IMPORTATION,

Under the personal supervision and direction of Dr. R. H. STABLER, Chemist, of Alexandria, Va.

THIS FERTILIZER

We confidently recommend as the most permanent and cheapest yet offered to the public. Being composed of

No. 1 Peruvian and Sombrero GUANOS,

OF OUR OWN DIRECT IMPORTATION FROM THE CHINCHA & SOMBRERO ISLANDS.

WE WARRANT IT in every respect.

The Sombrero Guano,

Before being mixed, is rendered *immediately soluble*, by the addition of Sulphuric acid.—This treatment is universally recommended by the most eminent agricultural chemists. Without it, the action of the two Guanos when mixed is not simultaneous, and consequently comparatively inefficient.

This is the ONLY mixture of the Ammoniated and Phosphatic GUANOS we know of, yet offered to the Agricultural community, in a READILY SOLUBLE form.

Price $50 per ton of 2000 lbs.

Our reports from those who applied the above FERTILIZER to their crops last fall, are *highly satisfactory*—so much so, indeed, as to convince us that our *Soluble Phosphated Peruvian Guano* will, ere long, be altogether used in this section, as a substitute for the Peruvian Guano, which, *without the addition of Phosphates*, tends rather to exhaust than permanently to improve the soil.

THE CHEAPEST AND BEST!

Super Phosphate of Lime, GROUND BONE, *PERUVIAN AND MEXICAN* GUANO.

CORNELL & DORSEY, Commission Merchants for the sale of—

FLOUR, GRAIN, PROVISIONS AND PRODUCE GENERALLY,

No. 70 South St., BALTIMORE,

Having arrangements with the Manufacturers for a regular supply of—

Super-Phosphate of Lime and Ground Bone,

would call the particular attention of Farmers in want of cheap and certain Fertilizers to those articles, which the experience of those who have used them, and Dr. Bickjell's analysis, have satisfactorily proven to be the cheapest and most reliable Fertilizers now offered in this market. They are put up in good shipping barrels.

We will furnish the Phosphate of Lime at $43 per ton of 2,000 pounds, from store; Ground Bone at $25 per short ton.

We also continue to sell the different kinds of Guano, at the lowest market prices when ordered. We respectfully solicit orders from our friends in the country, and all orders will receive our prompt attention.

CORNELL & DORSEY,

mar 2—y No. 70 South St., Baltimore.

To Farmers and Planters

PER-MANIPULATED GUANO,

A COMBINATION OF

Best Peruvian and the best Phosphatic Guano, made with the best Machinery and most expert Workmen.

On most Lands and on most Crops SUPERIOR to its effects to either Peruvian or any other Guano.

By Dr. James Higgins,

FOR THE LAST TEN YEARS

State Agricultural Chemist

OF MARYLAND.

THIS combination of Peruvian and the Phosphatic Guano was *first* recommended by me more than *six years* ago, and very successfully used by many planters and farmers in this State, though several dealers in Baltimore city have pretended to be its inventors. If this statement be denied, I have abundant proof of its correctness.

A long experience as a practical planter and farmer, with a constant analytical examination for more than ten years, of every kind of manure sold in our market, (advantages possessed by none others in the trade,) will enable me always to furnish those, who may favor me with their orders, with the *best, purest,* and therefore the *cheapest* Manures.

Farmers, planters and others will be furnished with all the Guanos sold in our market. Also, with PLASTER OF PARIS, and PURE or MAGNESIAN LIME, according to the wants of the soil—and too much care cannot be taken in adapting the proper lime to soils; for the want of this, thousands of dollars have been annually lost to our State. Also, the following artificial Manures:

HIGGINS' SUPER-PHOSPHATE OF LIME prepared under his own direction; and

HIGGINS' NITRATED SALINE FERTILIZER, an admirable top-dressing for wheat, oats or grass, which has been very successfully used, and prevents, to a great extent, the wheat from being straw-fallen; where the wheat is pale, sickly or yellow, it at once changes it to a bright, healthy green, and rapidly increases its growth, and greatly promotes the yield.

All manures sold in our markets are liable to differ naturally, though coming from the same place and bearing the same mark. Still more are they liable to *adulteration, &c.* and for these things *our Inspection System has never afforded an adequate protection.*

All Manures sold by me will have my name stamped on each bag or barrel, be carefully analyzed, and for their purity the buyer is pledged *a legal guarantee* and my *personal honor.*

The Manures sold by me will be at the same rate as those sold by others in the trade.

Persons wishing to obtain any of the Manures manufactured by me, or any others of my selection, should so specify in their orders to their agents in Baltimore.

TERMS CASH, or accepted Baltimore city paper.

I will also attend to the Buying of Real Estate, and STRAYING connected with the Farming and Planting interest.

For sale now, several *very fine FARMS* on the Baltimore and Washington road, one of them with elegant improvements and every convenience, in the most beautiful and elegant location on it, and several large tracts in Virginia, with negroes, stock, &c. attached.

An Important Letter

From Rev. JACOB SECKLER, well known and highly respected throughout the State of Pennsylvania:

HANOVER, Pa., February 16, 1859.

Messrs. S. W. FOWLE & Co., Boston.—Dear Sirs: Having realized in my family important benefits from the use of your valuable preparation—*Wistar's Balsam of Wild Cherry*—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle, there was a great improvement in her health. I have in my individual case, made frequent use of your valuable medicine, and have always been benefitted by it. *I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry afloat throughout the country.*

JACOB SECKLER.

MILFORD, Del., October 25, 1858.

S. W. FOWLE & Co., Boston: Please send me a supply of Wistar's Balsam, as I am nearly out and there is a great demand for it; it is doing wonders; it cures *Coughs, Asthma, Whooping Cough and Consumption*, without fail. There has never been any of the genuine here until you sent me a lot some time since, but plenty of the counterfeit.

Yours, truly, *JACOB Y. FOULK.*

REMEMBER, THEREFORE, *all who seek health*, that the only *genuine* has the *written* signature of "I. BUTTS," as well as the *printed* name of the *Proprietors, SETH W. FOWLE & CO., Boston*, on the *outside wrapper. Take no other*; it were money wasted and health jeopardized.

HAGERSTOWN ADVERTISEMENTS.

GEISER'S PATENT SELF-REGULATING GRAIN-SEPARATOR, CLEANER AND BAGGER, AND THE LATEST IMPROVED Iron Tripple Geared HORSE-POWER,

All furnished Complete, if desired, on

Four Wheels.

THE subscribers desire to call the attention of the Farmers and Thrashermen of Montgomery and adjoining counties to their improved Machine for the present year. This machine has now been before the public for six years, during which time it has earned for itself the reputation of being the best Separator in use; and we have made some very important improvements and additions for the present year, which renders it still more perfect, and we take pleasure in recommending it to the public, knowing that it cannot fail to give general satisfaction. We are now manufacturing two different sizes, as follows:

No. 1, the largest size, is 8-horse power, 36-inch Iron Cylinder, Trunk 2½ inches wide, with Stacker, delivering the straw 20 feet beyond the feeder and upon the stack 16 feet high, and can be easily managed either to carry the chaff with the straw, or deliver it in a separate place if required. It bags the grain, by reasonable management, sufficiently clean for market, and its capacity, under ordinary circumstances, is from 20 to 40 bushels per hour, or from 200 to 500 bushels per day, using eight horses and the same number of hands; but to force the work, under the most favorable circumstances, it will do considerably more, or, with the same number of horses and less hands, it will thrash and clean as much or more grain per day than any other machine now in common use and with much more ease and agreeableness to the hands.

No. 2 is the same as No. 1, except something less in size and capacity; it is from 7 to 8-horse power, 30-inch Iron Cylinder, Trunk 31 inches wide.

Persons having good Thrashers, can have Separators, suitable to their capacity, attached, at a comparatively small cost. All our machines are sold under a warrantee.

We being practical mechanics, and being engaged in the manufacture of these machines for the last five years, and one of us having the advantage of twenty years practical experience in the thrashing machine business, and having in our employ the most skillful workmen, and using the best material, we flatter ourselves that we are now prepared to manufacture these celebrated machines in the most substantial manner.

REPAIRING done in workmanlike manner. All our work warranted to give satisfaction, or no sale. Orders respectfully solicited.
