The Honorable Thomas V. "Mike" Miller, Jr.
President, Maryland State Senate
State House
Annapolis, MD 21401

Dear President Miller:

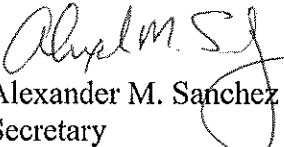

Attached please find the 2010 Job Creation and Recovery Tax Credit Act report, submitted pursuant to Senate Bill 106, codified in §11-1101 -11-1107 of the Labor and Employment Article of the Maryland Annotated Code.

Last year, working together, we passed the Maryland Job Creation and Recovery Tax Credit as part of a shared effort to strengthen Maryland's economic recovery. The Hiring Incentive Rebate for Employers (HIRE) Tax Credit provides businesses with a \$5,000 tax credit for hiring unemployed Marylanders to fill newly-created positions. To date, the HIRE Tax Credit has been issued to more than 850 employers and helped more than 1,800 unemployed Marylanders get back to work.

The HIRE Tax Credit is among several initiatives the Maryland Department of Labor, Licensing and Regulation (DLLR) is leading to ensure that Maryland emerges from this national economic recession as quickly as possible.

Because of the tough choices you have made to protect our investments in education and skills training, Maryland's workforce remains among the best-educated and most highly-skilled in the Nation. DLLR will continue to build on our progress to keep Maryland a national leader in employment and workforce development.

Very truly yours,

Alexander M. Sanchez
Secretary

Report from the Department of Labor, Licensing and Regulation

2010 Job Creation and Recovery Tax Credit Act

April 1, 2011

Alexander M. Sanchez, Secretary

PROGRAM OVERVIEW

On March 26, 2010, Governor Martin O'Malley signed Chapter 1 of the Laws of Maryland 2010, the Maryland Job Creation and Recovery Tax Credit (JCRTC) Act. This Act, also identified as the Hiring Incentive Rebate for Employers or H.I.R.E., was created to provide Maryland businesses a hiring incentive rebate. Businesses could receive a tax credit of up to \$5,000 per individual by hiring certain employees into qualified new positions.

EMPLOYEE QUALIFICATIONS

In order to receive a tax credit, the employee must have been a Maryland resident hired between March 25, 2010 and December 31, 2010. In addition, at the time of hire, the employee must have been receiving unemployment insurance benefits or have exhausted their benefits in the previous 12 months and not have been working full-time immediately preceding the date of hire.

EMPLOYER QUALIFICATIONS

To be eligible, employers must certify that they are conducting or operating a trade or business in Maryland; that they file a Maryland tax return or are tax-exempt under 501(c) of the Internal Revenue Code; that the employees for whom they are seeking credit meet the qualifying criteria noted above; and that the position for which they are seeking credit:

- Is full-time, of indefinite duration, and will remain filled for at least 12 months;
- Is a newly created position or was vacant for a period of at least six months at the time it was filled;
- Was not created through a change in ownership of a trade or business;
- Was not created as a result of an employment function being contractually shifted from one business entity to another; and
- Did not displace an existing employee.

Employers are issued a certificate from the Department of Labor, Licensing and Regulation (DLLR) for each qualified individual. This certificate must be attached to the employer's annual income tax return to claim the credit.

IMPLEMENTATION PROCEDURES

DLLR moved quickly to implement the provisions of the H.I.R.E. Program. As a first step, DLLR established an online application that was user-friendly and communicated with employers about the availability of the tax credit. Employers in DLLR's unemployment database were contacted with a promotional piece to encourage the use of the tax credit program. In addition, the H.I.R.E. Program was promoted statewide in conjunction with the Department of Business and Economic Development. The following promotional strategies were employed:

- Comprehensive information on both Departmental homepages;
- Online webinars, explaining the process directly to employers;
- Press releases distributed statewide to Maryland media outlets;

- Print promotions distributed through the 33 One-Stop Career Centers across the State;
- Mass mailings to over 130,000 employers who pay unemployment insurance in order to increase their awareness of the program and incentivize employer participation;
- Promotion and education to employers by Business Services Representatives from 12 Local Workforce Investment Areas;
- Tax credit education to unemployed customers attending Early Intervention Workshops provided by One-Stop Career Centers, allowing them to promote the tax credit to employers as an incentive for hiring them when interviewing; and
- Presentations at Chambers of Commerce, job fairs and other appropriate venues.

REPORTING REQUIREMENT

As required by Section 11-1106 of the Act, DLLR is submitting this report to the Governor and the General Assembly. The report includes information on the qualified employers certified as eligible for job creation and recovery tax credits and the number of qualified positions for which they were certified, the total amount of credits certified for each qualified employer, and the total amount of credits certified.

Specifically, as of March 31, 2011, 858 employers have been certified as eligible for the Job Creation and Recovery Tax Credit. A total of 1,830 qualified positions were certified for these employers and \$9,150,000 has been obligated for the Job Creation and Recovery Tax Credit. Attachment A provides a list of the total amount of credits certified for each qualified employer.

CONCLUSION

The information provided above is a preliminary report. Current legislation does not contain a deadline for applying for the Job Creation and Recovery Tax Credit. Additionally, Maryland businesses are allowed to claim the tax credit on a revolving corporate tax schedule that does not conclude or coincide with the annual deadline for filing tax returns of April 15. DLLR continues to receive applications for tax credit approval, and anticipates receipt of these request for a yet to be determined period of time. The Department maintains information on its website to help employers with the certification process and to provide answers to frequently asked questions.
