Dear Sir:

We wish to praise you
for your speech on the riots..

What a relief to find a
public Official who has the
courage to speak the truth.

I wish you would originate
legislation to make it possible
to be able to shoot looters
on sight as has always been
the military law.

Now is the time to get
ready for the next riot That
(over)

I feel sure will come.

We look to the government to protect us in our business and if it continues to fail we shall have to ~~arm~~^{arm} and depend on ourselves for protection.

We hope it shall not come to that.

We and our friends shall vote for you for any office you may seek.

Thank You Again
William Rosenberg
Geraldine Rosenberg

P.S. I wish to thank you for thinking about the Jewish people with their passover at a time when you have so many troubles.
