

1 Bar Association?

2 MR. ENEY: It is abolished here.

3 JUDGE CARTER: This is time and time again.
4 The Legislature will not go along with that because of
5 political considerations, about three of them in each
6 county. They put the pressure on the representatives,
7 and they don't abolish them. Now, if you leave this com-
8 pletely open, this matter of the Orphans' Court --

9 MR. ENEY: It is not open.

10 MR. MARTINEAU: It is assigned to the Circuit
11 Court by the Constitution.

12 MR. ENEY: You have got to keep in mind that
13 the judicial power of the State, which means the entire
14 judicial power of the State is vested in a four-tier
15 judicial structure. There isn't any room for Orphans'
16 Court or the Orphans' Court can't be created by the Legis-
17 lature.

18 JUDGE CARTER: What I am trying to say is this.
19 Won't there be political consideration, rather than
20 matters of what is proper and best and leave it open as
21 to whether it goes to the People's Court or Circuit Court?
