

1 the Circuit Court. Now, how do you feel about that as
2 opposed to having People's Court appoint them directly?

3 JUDGE FAIRBANKS: When I came in here tonight,
4 I had some reservations about that. Listening to the
5 discussion, where it looks like People's Court and
6 Circuit Court may be interchangeable to some extent, I
7 wouldn't have any objection. I notice you have no provision
8 for a chief judge of the People's Court. I would assume
9 from that the resident chief judge of the Circuit Court
10 will be the administrative officer for the trial courts
11 in that jurisdiction. Therefore, I would think he would
12 be the logical person to have the control.

13 MR. ENEY: One chief judge throughout the
14 State.

15 JUDGE FAIRBANKS: One for the entire State?

16 THE CHAIRMAN: Yes, which could result in as-
17 sistance.

18 JUDGE FAIRBANKS: One administrative judge? Is
19 he going to be able to do that? That is quite a job.

20 THE CHAIRMAN: With enough assistance he could.

21 JUDGE FAIRBANKS: Who is going to be the on-the-
