

1 In the next Report we are recommending that
2 the General Assembly may, by two-thirds vote of all Mem-
3 bers pass a declaration stating the Governor is in-
4 capacitated. Clearly in my judgment that should not be
5 less than two-thirds of the entire body, and I would
6 not want to see us inadvertently tie ourselves now to a
7 three-fifths with that question coming up at a later
8 time. If we are going to adopt a fraction now for the
9 entire Constitution, it seems to me we ought to have all
10 the instances laid before us.

11 THE CHAIRMAN: Yes, well, I had suggested this
12 debate deal with the three questions of amendments to
13 the Constitution overriding the Governor's veto and pass-
14 ing a bill that would take effect, notwithstanding the
15 petition for referendum, and take up secondly the question
16 of the other instances, and whether they should or should
17 not be uniformity.

18 It may be desirable to separate these three.
19 There may be some feeling that perhaps the same rule
20 shouldn't apply to those, and if so, we can put each to
21 a vote separately.
