

1 consideration of the Sixth Report of the Committee on
2 the Executive Department. Judge Adkins.

3 JUDGE ADKINS: Mr. Chairman, I see no point
4 unless you or the Commission desire it to read the first
5 four sections of this report since the changes, although
6 we have not been as farsighted as the Judiciary Committee
7 in underlining, are fairly simple. With your per-
8 mission, I will refer to the changes we have made as
9 briefly as possible. The first change is in Section 5B.

10 THE CHAIRMAN: 5B?

11 JUDGE ADKINS: Yes, eight lines from the
12 bottom of Page 2. We have inserted in here language
13 the essence of which is to permit the General Assembly
14 to call itself into session to determine whether the
15 Governor is disabled. This is the result of a
16 Commission decision at the last meeting. The language
17 we are proposing reads as follows. The General Assembly
18 shall be convened by the presiding officers of both
19 houses upon the written request of the members of each
20 house to determine whether such a declaration should be
21 passed.
