

1 THE CHAIRMAN: Mrs. Freedlander?

2 MR. FREEDLANDER: I would like to point out
3 that in the United States Constitution under the Legis-
4 lature there is no restriction of this type. It states
5 that the Executive shall make temporary appointments until
6 the next meeting of the Legislature, which will then fill
7 such vacancies. This has stood us in good stead over
8 the years, without the political aspects as you are in-
9 volving in here.

10 DR. WINSLOW: In the national, it is always
11 by appointment.

12 THE CHAIRMAN: Mrs. Bothe?

13 MRS. BOTHE: To make the point I started to
14 make before, I haven't examined this thing in the detail the
15 Committee has. I prefer some provision that there be an
16 election if there is two years or more to run on the
17 vacancy and in the absence the governor make an appoint-
18 ment from the same political party rather than have any
19 control in law. I think it should go in the Constitution.

20 THE CHAIRMAN: Are you suggesting that as an
21 amendment to the existing motion?
