FINANCIAL STATEMENT

Fiscal Year 1934-1935.

During the period from the completion of the Hall of Records to the beginning of the new fiscal year on October 1, 1935 the expenditures of the Hall of Records were paid out of the Budget of the Board of Public Works. These expenditures consisted almost entirely of utilities and the salary of the maintenance staff. The office of the Land Commissioner did not share in the maintenance costs and has never been asked to pay any part of them since that time.

Fiscal Year 1935-1936.

For the fiscal year 1936 the Legislature had appropriated for the use of the Hall of Records the sum of \$20,000 which had subsequently been reduced to \$15,000. In the course of the year this cut was restored and other funds were provided:

| Cut of appropriation restored December 4, 1935.....  | 5,000           |

| Allotted by Board of Public Works for additional<br>equipment.....   | 5,800           |
| <b>Total Funds available.....</b>  | <b>\$28,432</b> |

The financial arrangement for the first year was a little more complicated than appears. The restoration of the cut of \$5,000 was made only on condition that all salaries be paid out of the \$15,000.
