	9,926	
<i>Microfilm Reels</i>		
Research Room .....	1.337	(This figure included in total of records circulated.)

The comparative figures given here above speak for themselves. The quantity of our formal relations with the public has for the past few years remained fairly constant—if our correspondence drops in number the number of visitors increases or the number of items circulated. We can only account at least in part for the stability of our correspondence figures because now for the second year we have stopped
