#### Section 12-2034. INSPECTION PROCEDURE.

No work approved in accordance with the provisions of Section 12-2032 shall proceed beyond any one stage until the Department of Inspections and Permits inspects the site and approves the work previously completed. Upon notification from the permittee as required by the provisions of Section 12-2033, said department shall inspect the site and notify the permittee of its approval or rejection within forty-eight (48) hours (exclusive of Saturdays, Sundays and holidays). If the inspector does not make an inspection within the specified time period, work may proceed without presumption of approval at the risk of the permittee. ~~The Department of Inspections and Permits shall have the right to waive inspections as necessary.~~

#### Section 12-2035. INSPECTION REPORTS.

(a) When required by the Department of Inspections and Permits, inspections and testing shall be performed under the direction of a Professional Engineer who shall certify all inspection reports and test results. Such reports shall include certification by an Engineer of the adequacy of:

(1) Cleared areas and benched or keyed surfaces prepared to receive fills; and

(2) Removal of unsuitable materials; and

(3) Construction of erosion control or drainage devices, buttress fills, underdrains, retaining walls, and other grading appurtenances; and

(4) The degree of compaction where tests are performed.

(b) All certified inspection reports and certified test results shall be periodically submitted to the Department of Inspections and Permits during the performance of the work.

#### Section 12-2036. FINAL REPORTS.

The Department of Inspections and Permits and the Department of Public Works shall maintain permanent files on their respective inspections. Upon completion of permitted work ~~the following shall be submitted with sufficient copies as determined by the Department~~
