

BALTIMORE COUNTY

"Administration", Article I. In General, be and it is hereby repealed.

SECTION 2. AND BE IT FURTHER ENACTED, that subsection 2-15.4(a), (b) and (c), 2-15.5(d) and (g), 2-15.7(f) and (g) and 2-15.8(a) of said code and article, as amended, be and they are hereby repealed and re-enacted with amendments, all to read as follows:

Section 2-15.4 Construction and Installation of the System

(a) Upon commencement of the operation of the system, it shall be capable of transmitting at least [twenty-four (24) channels] TWENTY (20) CHANNELS, OR AS MAY BE CONSISTENT WITH THE RULES AND REGULATIONS OF THE FCC for delivery to Residential Subscribers. Said services are to be rendered to public or quasi public facilities or buildings without charge. In addition, the system will be construction with the capability of providing two-way or "return" communications.

(b) The Company shall provide all Residential Subscribers to Basic Service and all Public or Quasi Public Facilities with a converter, with no less than [24] 20-channel, OR AS MAY BE CONSISTENT WITH THE RULES AND REGULATIONS OF THE FCC capacity as hereinabove referred, for each television receiver that is connected to the system. The Company shall supply such converters for a charge or deposit that shall not exceed the Company's cost for same.

(c) The Company shall construct [and/or extend the installation of its System, through the County, in the manner and in accordance with the timetable set forth in the franchise. It shall commence construction no later than one year from the effective date of the franchise, or within one year after final, legal resolution of any approvals, or actions that may be required by the FCC, whichever is later, and shall have completed or substantially completed construction within five (5) years from the date on which construction is commenced. "Substantially complete construction" shall mean herein the ability to provide Basic Service to all areas throughout the County in which the density of Residential Subscribers is 100 or more per square mile.] AT LEAST 20% OF THE COUNTY WITH ENERGIZED AND OPERABLE TRUNK CABLE WITHIN THE FIRST YEAR AFTER THE ISSUANCE OF THE OF THE CERTIFICATE OF COMPLIANCE BY THE FCC. THEREAFTER THE COMPANY SHALL EXTEND THE ENERGIZED TRUNK CABLE AT LEAST 20% EACH YEAR UNTIL THE ENTIRE SYSTEM IS BUILT IN THE COUNTY PROVIDING BASIC SERVICE TO ALL AREAS THROUGHOUT
