

therefore, be it

RESOLVED BY THE GENERAL ASSEMBLY OF MARYLAND, That the State Board of Education request each local superintendent of schools and the Board of School Commissioners of Baltimore City to study and report to the State Superintendent of Schools on the provision of emergency first-aid services for all schools in the jurisdiction of those superintendents, and that the State Superintendent report those findings to the General Assembly by January 1977; and be it further

RESOLVED, That the State Board of Education request that each local superintendent and the Board of School Commissioners of Baltimore City prepare and submit a plan for adequate emergency first-aid coverage in each school of the jurisdiction and that the plan be submitted by the State Board of Education to the General Assembly by January 1977; and be it further

RESOLVED, That copies of this Resolution be sent to the State Superintendent of Schools, the superintendents of each local school board, and the superintendent of the Board of School Commissioners of Baltimore City.

Approved April 13, 1976.

No. 12

(Senate Joint Resolution No. 36)

A Senate Joint Resolution concerning

Elementary Education Counseling Services

FOR the purpose of requesting that the State Board of Education study and report on the provision of professional counseling services in the public elementary schools of Maryland.

Increasing pressures are being placed on all students to begin planning their educational futures. Counseling at the preschool and elementary school levels will assure the earliest possible identification of potential educational and disciplinary problems. The present staffing patterns of elementary schools do not provide sufficient positions or support for professionally trained counseling personnel. Such inadequacies in this provision of public service to Maryland children can lead to unproductive use of time, money, and lives; now, therefore, be it

RESOLVED BY THE GENERAL ASSEMBLY OF MARYLAND, That the State Board of Education implement a study regarding the need for elementary school counseling services and
