

"License" § 14-101

14-313. SCOPE OF LICENSE.

WHILE A LICENSE IS IN EFFECT, IT AUTHORIZES THE LICENSEE TO PRACTICE ENGINEERING.

REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 75 1/2, § 15(b) and the second sentence of (a) and the first clause of § 1(d). It is revised in the standard language used throughout this article for comparable provisions.

The second clause of former Art. 75 1/2, § 1(d), which provided that a certificate of registration is not transferable, is deleted as unnecessary and potentially misleading. Except as otherwise expressly provided, the licenses issued to individuals under this article or the Health Occupations Article are not transferable. An express statement to that effect in this title would be an unnecessary statement of the obvious and would imply incorrectly a difference from other occupational licenses.
