

In subsection (c) of this section, the word "evidence" is substituted for the former words "records, accounts, books, papers, and other documents" to conform to comparable provisions elsewhere in this article.

In the introductory language of subsection (d)(1) of this section, the former word "examination" is deleted in light of the word "inspection".

In subsection (d)(1)(i) of this section, the word "place" is substituted for the former words "bulk storage facility", "refinery", "terminal", "pipeline terminal", "warehouse", "railroad yard", "marina", and "service station" for brevity.

Also in subsection (d)(1)(i) of this section, the former word "kept" is deleted as included in the word "stored".

In subsection (d)(1)(ii) of this section, the defined term "conveyance" is substituted for the former references to a "motor transport", "motor vessel", or "tank car" to use the defined term.

The Business Regulation Article Review Committee notes, for consideration by the General Assembly, that in subsection (d)(1)(i) of this section, the words "for sale" are added to express that which only was implied in the former law; i.e., the Comptroller has access only to those places where motor fuel is stored for sale. The Business Regulation Article Review Committee also notes that the words "for sale" have not been added to subsection (d)(1)(ii), thus allowing the Comptroller access to all conveyances used to transport motor fuel.
