

"AMUSEMENT PARK" MEANS AN AREA THAT IS USED PRINCIPALLY FOR 1 OR MORE PERMANENTLY-ERECTED AMUSEMENT ATTRACTIONS.

REVISOR'S NOTE: This subsection is new language derived without substantive change from former Art. 89, § 65(c) and (m).

The reference to "permanently-erected amusement attractions" is substituted for the former reference to "permanent amusement structures or rides" to incorporate the substance of former Art. 89, § 65(m), which defined "permanent structure" to mean an amusement attraction that was erected to remain a permanent part of the premises. The former definition was used only in former Art. 89, § 65(c), revised as this subsection, and in former § 65(i), which defined "fair". In the former definition of "fair", the former definition of "permanent structure" did not add to the meaning of the words as they are commonly understood and therefore is not incorporated into the definition of "fair" as revised in subsection (h) of this section.

The former word "tract" is deleted as included in the word "area".
