

"The Mayor and City Council of Baltimore shall furnish said commission with necessary rooms and furniture.

"Vacancies in said commission shall be filled by said commission except where a vacancy occurs by death, resignation or removal of one or both of those appointed by the Mayor, subject to the confirmation of the Second Branch of the City Council, as hereinbefore provided, in which event such vacancies are to be filled in the same manner as the original appointees were made; and the members of said commission shall be municipal officers, and subject to removal by the Mayor, as provided in the Act of 1898, chapter 123.

"Said commission shall not, under any circumstances, permit the crude sewerage from the city of Baltimore to empty in the Chesapeake bay or its tributaries, nor shall any of the affluent or resultant of said sewerage be permitted to empty into said bay or its tributaries until the same has been subjected to analysis by three expert chemists of well recognized repute, to be chosen by the State Board of Public Works, and said affluent or resultant by said chemists pronounced to be free from all impurities, which would be injurious to the oyster or fish industries of this State. The said State Board of Public Works shall publish the findings of said chemists immediately after the same have been submitted to it, by three insertions in all of the daily papers published in Baltimore city, over the signatures of said chemists, attested by their affidavits, subsequent examinations shall from time to time be made when, in the judgment of said Board of Public Works, the same shall be deemed necessary, and when any subsequent examination is made, it shall be in all respects the same as that hereinbefore provided for; and if, as a result of said subsequent examination or examinations, any impurities detrimental to the oyster or fish industry of this State shall be found to exist in said affluent of said sewerage, or its resultant, the said State Board of Public Works is authorized and directed to prevent any further flow of said affluent or resultant of said sewerage into the waters of said bay and tributaries, until the said State Board of Public Works shall be satisfied as a result of a re-examination, that said affluent or resultant is free from impurities detrimental, as aforesaid, to the oyster
