

Governor of New York, and the high, patriotic duty devolving upon Maryland to commemorate the deeds of our fallen heroes, as well as to mark the field and the victory which saved her from utter desolation, would respectfully recommend the joint purchase of seventy acres of land for the proposed National Cemetery, and also three acres of land for the location and erection of a monument at South Mountain, and the appointment of an agent by the Governor to superintend the work, and in connection with the agent from New York, to carry forward and complete this just and patriotic enterprise.

We would also recommend an appropriation of three thousand dollars, or as much of it as may be necessary, to be placed in the hands of the Governor, to be used for the above named purpose.

Respectfully submitted,

FIREY,
OHR,
EICHELBURGER.
