To Head Group

John A. Luethemeyer, president of the Equitable Trust Company, has been named chairman of one of the subcommittees appointed by the National Association of Supervisors of State Banks to study a major phase of bank operations.

The national association has been conducting a survey in this field, and has received data from more than 2,500 State-chartered banks throughout the country.

banks throughout the country.

Mr. Luetkemeyer and his sixman committee will evaluate the data and recommendations relating to bank operations. Other groups are sifting through suggestions concerning branching, supervisory agencies and legislative policies.
