12 Mo 17 This day settled up accounts with Deborah Pleasant my sister and find the above balance of \$430 ⁷⁵/₂ Cents due me, and in case of my decease or my sister's it is nothing but perfect justice that the trustees should allow my heirs for the amount with interest from year to year, as the surviving trustees will find that she has been furnished with money necessary, agreeably to the direction of my Father will the cash advanced by me to her was when she wished to purchase a few articles herself and the money could not be collected from the tenants
