THE NEW MEDICINE CHEST,

Which, to those that have already tried, has given the greatest Satisfaction. The Directions are printed, and have been well approved of by some of the first Physicians on the Continent. As we purpose to apply our whole Attention to this Business, (the first of the Kind in the Province) and shall constantly keep a full and complete Assortment of every Thing in our Way, we hope thereby to merit the Encouragement of the Public.

We shall Import regularly twice a Year; but if we should run short of any Articles before the Arrival of our Importation, we shall supply such Deficiency from our Drug-Store in Philadelphia, as there are weekly Opportunities from thence to this Place; so that our Customers may always depend on having their Orders completely executed, without any Difference of Price.

N.B. Conveyance as usual, by Way of Messieurs **Middleton** and **Reith**.

WILLIAM KNAPP, WATCH-MAKER,

TAKES this Method to acquaint the Public, That he has provided an Assistant in the **WATCH-MAKING BUSINESS**, which will enable him the better to Dispatch the Work of those Gentlemen who have, and may employ him. He hopes his past Endeavours in that Way, may have answered the desired End. It is manifest from daily Experience, that Numbers of Watches (which have been originally well executed) have severely suffered thro' the unskillful and injudicious Practice of some Men, who assumed the Knowledge of a Business to which they were only Pretenders. Those Watches which have been many Years in Use, and consequently Wore, he will engage to Mend, as well as when New; and will at a very moderate Expence keep, those he Repairs, in Order, for Ten Years, all Damages excepted which may accrue to 'em from Accidents, such as a Fall, and the Breaking of a Main Spring, which the most discerning Workman cannot often Account for, nor the ablest prevent.

He Makes, and will Supply any Gentlemen with **HORIZONTAL, SECONDS, or PLAIN WATCHES**, and will engage the Quality to be equal to any Imported from **LONDON**.
