It is faid, that some new Causes of Dissatisfaction have broke out between the Courts of Portugal and France, that are likely to be productive of very difagrecable Contequences.

We are told, that on Thursday next, several great Personages will embark for the Moniterranean. It is said, that there are now several Men of War lying off Portsmouth, that have received Orders to hold themselves in Readiness for a foreign and important Expedition, the particulars of which will soon be made

Extract of a Letter from Rome, dated Officher 10, 1768. lately received from a Miglodary in the East-Indies.

" The Province of Junnan, in China, is one of the richeft, on account of the great Abundance of Mines of Gold, Silver, and other Neters, besides the facility Rubies in the World. A Chinese Christian informed me, that in the neighbourhood of one Town, they have discovered Thirty-fix Mines of Gold and Silver. In October last (1767) the King of Macina and Pegu, seized on this Province without the least Opposition. The Chinese fay it is vain to reall him, on account of the great Quantity of Cannon which he has with him, which are served by 400 Europeans of different Nations. Though the Chinese and Tartars have Cannon, and know how to cast them, they have not the Address to use them in their Wars.

" In this diffressed Situation, the Emperor of China has taken the Resolution to send immense Treasures into Tartary, whither, at the worst, it is supposed he will retire. The Chinese themselves, wish him to be chased from the Throne, because he has introduced into his Palace, foreign Concubines, which is contrary to the Cultom of that Country; and the Emperor has a Son by one of these Women, whom he intends to succeed him. Overcome by his Regard for this Concubine, he is said to have caused the Empress to be put to Death, because the had no Children. He has even carried his Regard for them so far, as to cause a Morque to be built in his-Palace for these Persian Wo-men, which is served by Mahometan Priests."

Now. 18. Yesterday there was a very full House of Commons, and it was expected that they would fit late, as Anairs of Importance were to be taken into Confideration.
