ONE undivided third Part of the Northampton Iron Furnace, together with the Stock in Partnership thereto belonging, Consisting of Lands, Servants, Teams, &c. &c. The said Furnace, Casting-House, Bridge and Wheel Houses are all built of Stone, in the neatest Manner, and on a never failing Stream of Water, Eleven Miles distance from Baltimore-Town, Baltimore County, in the Province of Maryland, and on the best Road leading to said Town. The Lands are well wooded, and abound in Iron Ore, which is very convenient to said Furnace, and is of the best and richest Qualities, and yields such plenty that I believe no Furnace on the Continent makes more Metal while in blast. On the said Land all round the Furnace, is also a plenty of Lime-Stone, which is made Use of for Flux, the Furnace is now heating, and will be in blast in a few Days; there is already provided and at the Furnace, a very fine Stock of Ore and Coals, and growing upon the Lands, as much Indian Corn as I suppose may supply the Furnace for Twelve Months. At the said Furnace is a good Coal-House, and all other convenient Houses in good Repair. The Purchaser shall be put into Possession immediately, and such Time given for Payment of the Purchase Money, that may make it very easy to the Purchaser, his giving Bond upon Interest, with Security if required.
