It is with unfeigned reluctance that the subser her begs leave to solicit the attention of the Public to a New Daily Paper, which he proposes with all possible expedition to establish in Baltimuse. in Baltimore, to be denominated THE MORNING CHRONICLE.

With regard to the political character of this publication, nescorns any concealment —it will be decidedly of the Federal cust. That federalism, which was known and prac-tised in the day of Washington—that lede ralism, for which Hamilton wrote fought, and for which Montgomery feil—that lead-ratism, which, with a large and comprehensive view, embraces a locaracters, so at as they appear they appear to the compression of the compre they augment the prosperity and the gran deur of their country, and which turn eve of the most transcendant di dain on the little, despicable, mean personal hickerings for office-trat federalism, which would raise, ennoble, and aggrandize the character of our dear and beloved country, and in opposition to that detestable, mushroom federalism, whose only aim is to raise and to aggrandize private families—that sederalism, that exults in the spectacle of our-country's greatness; that delights to behold the star spangled banner glitte ing over every sea; our commerce hounded by no other restrictions than those of the ocean - that he eral ism, that cheers the honest husbandman at his plough, the merchant at his desk, and the mechanic at his anvil. He is too ol and the grave too near, for the subscriber to turn an apostate now: to lend himsel to the scurvy meanness of individual ambition or to mistake his own welfare for the welfare o his country.
