DR. HULL'S TRUSS.

TOR the relief and cure of Hemia or Rep-ture is This Surgical instrument is now so well known to the Medical profession, and so extensivity used by unfortunate sufferers labour-ing under the disease of Hemia, that a parties lar account of its mechanical construction of its surgical effects is thought unnecessity. The subjoined remarks, from Physicians and Surgeons of high respectability in our country, are the results of much practical experience in are the results of much practical experience in the use and application of this truss. James Thatcher, M. D. applier of the Med

James I hatcher, M. U. apthor of the Modern Practice, in his second edition, under the subject of Hernia, remarks: II. Hall is exclusively entitled to the credit of pressure applies the true Surgical principle for the radical cur of Hernia. He happily conferived the idea that the paid of the Truss should be no constructed assuming to appoint the manner the the past of the truss singular as a constructed as simply to support the suscular fibres around the ring or aperture as much as possible, in the state in which they are maintained in perfect health. Unless this be attained the parts can

health. Unless this be a traight into parts and part recover their natural tone, whatever may be the degree of pressure applied."

Samuel Ackerly, M. D. in his excellent edition of 'H-oper's Medical Dictionary,' under the head of 'Truss,' after enumerating the enimetalling from the use of the defective trusteralling from the use of the use formerly worn, says. This evil was not fally remedical until Dr. Amos G. Hull, of New York, turned his attention to the subject, ar by his improvement in the construction of tru

-es, has rendered it certain that all recent ru ures and those of children, may be permane cured, and those of old people and of in anding, may, in many cases, also be rehed. The pad of Dr. Hull's Truss is conce and not convex; and hence the raised circu margin, by proper adaptation, presses upon the side a of the hernial opening, and tends to close the aperture and cure the hernia.

M. L. Knapp. M. D. late Physician at Surgeon to the Baltimore General Dispensa-in a communication to Doctor Holl, says: have applied your trusses in green hundrnaves during the last three years. A granany upon whom I have applied your truss many upon whom I have applied your trust-many been radically cured; and some of thes were cases of long standing, where all other trusses had failed. I send you a note of thank from Mr. P. a citizen of great respectability who was cured of a bad scrotal impture, thirty-five years standing, by wearing one your trusses for two years. He had worn ther trusses twenty nine years. His son, alsaged 16 years, ruptured from his infancy, we cured under my care in less than two years. cured under my care in less than two years.—A case of scrotal rupture, of twenty years stading, in a labouring man forty years old, we cured under my notice by one of your trustin six months. A case of groin rupture, from lifting, in a labouring man, therty years old, whom I applied one of your trusses, the day of the injury, was careful in these er the injury, was cured in three monnes. Experience alone, can make known to the Sa geon the full powers and excellence of the preferred by the Professors in both of the M cal Schools in this city, and the Faculty in get

Baltimore, January, 1830. Valentine Mott, M. D. Professor of Surge ry, says. The great and signal benefits what

ry, says. The great anii signal benefits with are produced by this Truss, result from a strict subservience to, and accordance will scientific and Surgical principles.

The operation and effect of this Truss directly the reverse of all Trusses heretaken in use; which being convex, tended to colors the dimensions of the colors. he dimensions of the rapture opening." nf epinion that the union of Surgical design nechanical structure in this instrument rec of epinion that the union it what has long been the desideratum of Prical Surgeons in Europe and America. Professor Mott also in lecturing upon He

nia, recommende Dr. Hull's Truss to the exclusion of all others. Fayette street, east of Monument Square, But
