by the Pope—and smeliorations in the Papal Government.

Now, without being rude, or personal, I must beg to doubt the complete accuracy of shis announcement. I am entitled to do so, until the statement he confirmed by any can correspondents, and I will tell you why I amenditied to do this. Three months ango, M. Perier made use of similar language in the House of Peers, and the Rentearose, S. per cent.—I then not merely doubted the fact, but yield it was all a mistake. I was right, and M. Perier was wrong. It may be this time that he is right, but I doubt it, and I still expect to learn that the Austrangtropps, if not actually in Remains, are close on the femiliers, ready to enter at a moment's notice, should the people again demand their liberty! However, on this subject I have so much to expose, that I must take another tho early occasion of devoting to the subject the whole of a letter. In the mean time I will, for once in my life, endeavour to imitate Lord Eldon—and doubt.
