THIS ingenious piece of machanism, so universally admired by every person who has seen and heard it explained, is laid out on a scale of eixteen by nine feet. ANACT, Eranting additional compensation to the Harbor Master of the part of Baltimore.

Whereas it is represented to this General Assembly, that the compensation now granted to the Harbor Master of the Port of Baltimore is an insufficient remuneration for his attention, and services in that capacity; and whereas it | ty. is reasonable that foreign vessels coming into said port for the purpose of commerce, should contribute their proportion of an addi-Honal allowance in conformity to the usages of our sister states and foreign nations.

Therefore, be it enacted by the General Assembly of Maryland, that it shall, and may be lawfin for the Harbor Master of the said port, to sek, demand and receive of and from the capt. or commander of every foreign vessel coming into the said port for the purposes of trade and commerce, the sum of Five Dollars, as an additional compensation to the said harhor master or his care and deligence in the regulation of said harbor, and providing a proper station for aid vessels. And be it enacted that in case of fusal or delay in making such payment, it shall and may be lawful for the said Harbor aster, to spe for, and receive the same before in de magistrate, as small debts out of court now recovered.
