

I want to m^r Daniel Clark of Dorchester County, and
since have broken prison and made his Escape. In obedience
to the said Instructions We did upon the last day of this
instant month of November with at Mauticock in order
to treat with the said Emperour, but finding the said Emperour
absent, and a great distance off as far as the Whorick,
but for Nicodap to the Emperour. Some and trade with
him in pursuance to the said Instructions, demanding the
Indian prisoner that did make his Escape, and his answer
was that he would be very diligent in apprehending of
him, and if possible should be taken and delivered to the
Sheriff of the said County; too far encouragement have promised
to deliver them twenty Mankcoats upon the delivery of the
said Indian. In testimony of the promises we have set our
