Read out & advised that whereas God be thanked we
 have certain notice of his most sacred Majesty's being
 in good health & that the Kingdom of England is in a
 flourishing estate & that it hath pleased Almighty God
 the late violent Mortality is ceased here & many seditious
 & evil Reports relating to the disquiet of this province
 lately set on foot & spread abroad are suppressed & vanish-
 ed & that the waters commonly called cool springs in
 St Marys County are lately found to have done great
 good & have effected considerable cures on divers persons
 so that the good people of this province may reasonably
 hope for peace plenty & good days that Tuesday next
 be set apart for a day of publick thanksgiving therefore
 at the place of Warrington and all other places &
 Counties in this province on Tuesday the 22^d of Nov^r
 ensuing

Upon reading the petition of Thomas Lovett Mas^r
 of the Brigantion. Humbly of Spanish Town pray-
 ing that he may be permitted to have his Brigantion now
 under seizure appraised & that he will give Security to
 stand trial at the next provincial Court

This petition is not thought fit to be granted in
 respect that many precedents have been committed here in
 Disobedience of his Majesty upon such Appraisments

It remains no sufficient person qualified to be Judge
