

Agreement of his Majesty & the Parliament of Colony
Deputies upon that case he is willing to remit him the
prosecution & the rather because this is the first time he has
had any thing of the like nature against him

This being the day appointed for Mr. Gurne. My to ap-
pear before his Excellency the Governor inforced according
to his Bond for good behaviour & appearance

Came the said Mr. My & his Bond for good behaviour
and appearance being read likewise Mr. My's narrative
which being altogether in the Negative his Excellency is
pleas'd to say that he has neither complied with his Secret
or human obligations his oath nor his Bond but since that
now God be thanked all those disturbances & evil Reports
spread abroad by him & his accomplices were suppressed &
defeated & not knowing how to Credit any thing he should
either say or swear that he never made nor made discovery
he will not trouble himself any further and since this is a
day of publick thanksgiving he is willing the Bond should
be vacated & said. My acquitted thereof
