122. Sir. It is and has been invariably the Opinion of this Board that the Commissioners appointed to execute the Law for the immediate Supply of Stores and other Provisions for the Army might in Virtue of that Act, seize every Species of Provisions therein enumerated, as well what might be found in the Hands of Public, as private Purchasers and we have given Instructions accordingly. Your Letter of the 13th Inst^o, shall be immediately laid before the General Assembly.
Mr. Jacob Giles. We are &c.
