

Infaneil Annapolis 22nd Sept 1790

Sir
N^o 452.

We received yours of the 17th & 20th and send by Mr. Giles 10,000^l of new State Money, amounting, at 40 for 1, to £10,000. It is the general Opinion, that this Money will circulate freely and will be taken by the Merchants, and we more and hope it will answer to extricate you from your present Difficulties. Left there should be any Disappointment, by your not being able to pass this Money, readily, we enclose an Order on the Collector of your County for eight thousand Pounds, which you are to account for in return, if you can make Use of the new Money, this is all we have in our Power to do. It is our Opinion, if the Horses are good and substantial and fit for the Draft, the Service they were purchased and intended for, they ought to be received, and the only proper Mode that occurs to us to determine it, in case where an Objection is made by the Quartermaster to receiving them, is to call on one or two Persons well skilled in Horses to examine them and if he or they should be of Opinion they come up to the above Description, you ought to offer them to the Quartermaster and insist on his taking them, and in case of his obstinately refusing, you must put them out to Pasture and take care of them, and send us a Report of what you do in consequence of the above Direction. Those adjudged to be unfit for Service by the Persons called in, are also to be pastured and taken care of.

We are &c.

Col^l Henry Hollingsworth.

N^o 454. We have just received Information from Mr. M^r Smith, that you have not restored to him any Part of the French Blues seized by you in Baltimore last Winter, under the Act for the immediate Supply of our Army. We expected that Blues had been returned long ago, pursuant to our Order; if it is not, you must deliver it immediately to Mr. Smith and inform us of the Reasons which have induced you to delay it so long.
