Sir. No. 1067. Enclosed is a Letter for M<sup>r</sup> Robert Adam, which we request the favor of you to deliver & that you will receive the Goods mentioned therein & send them over to M<sup>r</sup> Poyer immediately. Our Motion for defering this will immediately occur to you, please to desire him to receive them and keep them in his Dwelling House, until we can conveniently send for them, enclose the Bill of Parcels by the Bearer. We want to make an apology for giving you this trouble but flatter ourselves it is not necessary as this Business is of a public Nature and the immediate Object of it, cloathing our Army Southward. Sir. We received yours of the 29<sup>th</sup> Ult<sup>o</sup> and shall order the State Boats to proceed down with all possible Dispatch, likewise a Barge and whale Boat, if we can man them. Our Boats returned lately from below. Commodore Baron having left this about a Week past, with an Intent to cruise about the Sound and Islands, we hoped you would at least for some Time, have been free from the Enemy's Depredations. If Information is made to any Magistrate, sufficient to induce him to apprehend any Persons who may have given Assistance to the Enemy we request you to send them up under Guard, with the Affidavits and Papers which may found the Ground-work for apprehending them, and if any Information can be given us of any Persons, whose going at large may be dangerous to the Government, we will take the necessary Steps to secure them. We hope no Man will be so lost to the Reputation and Interest of his Country, on this Occasion as to suffer the Enemy to insult us with Impunity. We are Y<sup>rs</sup>
