By the House of Delegates,
January 16th 1832.

Gentlemen of the Senate,

As the circumstance and condition of the coloured population in this State, has been a subject of absorbing interest; and experience has demonstrated that some Legislative action thereon is indispensable at the present session, we propose that a committee be appointed by your body to co-operate with the standing committee of grievances and courts of justice of this house, to which that subject is referred, in order that similar reports may be simultaneously presented to the two houses.

We propose this, from a belief that such a course will not only render any system that may be adopted more perfect and effectual, but will greatly facilitate the action of the legislature upon this interesting question.

By order,

George G. Brewer, Cl'k.
