So it was resolved in the affirmative.

The house then proceeded to consider the bill reported by Mr. Fassitt, entitled, an act to abolish all such parts of the constitution and form of government as relates to the time and manner of electing the Senate, and the mode of filling up vacancies in that body, so that each county and the city of Baltimore may have a senator, to be immediately elected by the people, being the second order of the day.

Mr. Blakistone moved an indefinite postponement of said bill, and on the question being put, it was determined in the negative.

Mr. Burchenal moved to amend the said bill by inserting at the end of the 7th section, the following:

"*And be it further enacted*, That the per diem of the members of this Legislature, after the adoption of this act shall be three dollars only;"

Which having been read, the Speaker decided the same not to be in order.

The said bill having been read the second time;

Mr. Evans called for the previous question, and being demanded by a majority of the members present, the said previous question was put, viz. "shall the main question be now put;"

And it was resolved in the affirmative.
