To Committee of Baltimore City.

Sir,

The Enclosed extract from a Letter of Commodore Chambers to Governor Eden, (in consequence of an intercourse between his Excellency and the Convention) will inform you, that a man of war, may be daily expected up the Bay. We give you this notice that the militia need not be alarmed or unnecessarily drawn out upon duty, upon sight of this vessel. We make not the least doubt, but that you will give orders necessary for preventing any insult being offered either on her passage up or down the Bay. We have the strongest assurance that the Governor will leave the Province with the most friendly regards for its inhabitants, and will do everything in his power that may contribute towards promoting a reconciliation between the Mother Country and her colonies.
