Gentlemen.

The enclosed state of Colo Smalley's Battalion and the "Independent Companies are made out from some memorandums I made in the execution of the Commission I was honoured with by the late Convention and contains every information in my power to give you was I to attend in person. I am sorry to say we found a good deal of discontent prevailing in our army and the Gentlemen very attentive to their rank. The Commissioners determined that a promotion in Battalion would be doing strict justice and most likely to give general Satisfaction.

You have my thanks for the honour conferred upon me in the appointment to your Board and am sorry it is not in my power to accept of the Trust with any tolerable convenience. Since the beginning of the present dispute, the little I have been able to do for my Country has been undertaken with cheerfulness, without any consideration of my private affairs, and now finding some attention to them necessary, have allotted a few months to remain at home. That should there be any necessity of leaving them in the Spring, it may be done with more convenience and safety. I have the honor to be very Respectfully
The Honble Council of Safety } Your obliged humble Servt.
