Sometimes, without any assignable cause, the physical strength and animal spirits give way, and a strange orpor falls alike on the body and intellect. There is little or no pain perhaps, but the natural vigor and clasticity of the nervous and muscular system seems to have departed, and an indifference to the pleasures of life, and even of its grave responsibilities, takes the place of that carnest interest in both which character-izes every well balanced mind when in a healthy con-

In such cases the effect of a few dozes of Hostetter's Stomach Bitters is wonderfully beneficial.— The great tonic wakes up the system from its drowse.— The secretions and the circulation receive a new impe-tus. The relaxed nerves recover their elasticity under the operations of the specific, like the slackened strength of a musical instrument in the process of tuning.—
Letharcy and deblifty are replaced by energy and vigor, the spirits rise, and life that almost seemed a burden while the season of depression lasted, becomes one more enjoyable. TO THE LADIES.

MIRS. DR. WARD, ELECTROPATHIC PHYSICIAN,

No. 666 North Twelfth Street, Corner of Melon,

Is now prepared to wait upon LADIES and CHILDREN, with any disease incidental to morality.

Positively none of an exceptionable character will be attended,

Mrs. W. has given her attention mostly to the study of diseases peculiar to Females, and her success in their treatment for THIRTY-FIVE YEARS, (the last twenty-three in Philadelphia, and sixteen years at her present residence) has been such as to warrant her in extending an invitation to the Ladies in Ceell County, or elsewhere, to call and acquaint themselves with her mode of practice with medicine warranted free from Poison or Minerals; also her modus operandi in the use of electricity, which is positively differently applied from any other Electrician, but her students.

MRS. W. KNOWS WHEREOF SHE AFFIRMS.

TUMORS OF ANY KIND REMOVED.

Recently she removed eleven from one lady-six internal, five external-without the lanife, burning with caustic, or any of those tedious sufferings to which they are so often subjected.

Back, Pain or Soreness in Lungs or Side, general Debility, arising from injudicious dress or diet.

Limbs about to be amputated, Mrs. W. has perfectly restored in a few weeks. For the truthfulness of these, and all other statements of her cures, she can give references from the first families in Christendom.

We here state what we can prove. Some of our best references are in this city, not all ten thousand miles away. After making a diagnosis, Mrs. W. will state about the time, and expense of a cure, if curable; if not, will decline any further

Mrs. W. will wait upon patients from 8 A. M. to 4 P. M., at her office.

Professional Calls out positively declined.
