HIGH LICENSE LAW

IT WILL PROBABLY BE PROVIDED

FOR ELLICOTT CITY.

Reasons Which the High Liceuse People Advance-Part of the Revenues to Go to Public Improvements-it Can't Make Things Worse Than They Are and Can Bring About Great Improvements.

The legislature will be asked to enact a high license law for Ellicott City. 1 will have no bearing whatever upon Howard county outside the city limits. Liquor is at present sold in the town, on the Baltimore county side of the Patapsco. The traffic is regulated by the Baltimore county license law. It is proposed that the new law shall supersede this and shall be drafted upon the general principles underlying the high license laws which are said to have given such general satisfaction elsewhere. These, where applicable to cities, give a portion of the revenues to the city in each instance for streets and public improvements. It is intended that the law for Ellicott City shall yield revenue to

both the city and the county. The advocates of high license are from among Ellicott City's best citizens and largest property holders, but there are some persons who are opposed to the movement. Among the latter are those of prohibi-tion leanings, and, also, a small contingent, it is said, of those who favor low

These last think the present Baltimore county license too high, but prefer it to a possible higher license under the new

The high license sentiment is said to predominate, those favorable to the new law arguing that Ellicott City has all the alleged disadvantages of a flourishing liquor traffic within its corporate limits, but with no recompense in the way of revenue, all of which is diverted to Baltimore county. There appears no present prospect of removing the traffic from the town, and it is thought very foolish to refuse to accept any financial benefits that may accrue from it. Under the new law no more liquor could possibly be sold or drunk than at present, in fact the number of saloons might be reduced, but there would difference of eral hundred dollars annually for sidewalks, crossings and other public improvements, where nothing is available at present. The addition to the county's revenues under the law, will, it is believed, make a difference in the present county tax rate in favor of the taxpayer without interfering in the least with the existing local option law, so far as it relates to Howard county

A high license advocate sums up the situation in the following words. uor is sold in Ellicott City. If this is a bad state of affairs, it can't be made any worse. Ellicott City has to bear the odium all the same. If court expenses are increased by the traffic Howard liquor men help pay these expenses in stead of allowing the hundreds of dollars now paid for licenses to go over to Towsontown and out of our very pock-

It is further urged that a stringen high license law is a nearer approach to prohibition than is possible under present conditions, and that such a thing as a low groggery conducted by irresponsible persons is unknown where high license prevails.

It is also claimed that as Ellicott City is one municipality without regard to county lines, there should be one law for the entire city and no such discrimination or anomaly as is presented by one law for one side of the Patapsco, which flows through the town's heart, and

different law for the other. It is said that the passage of a high license law will not only ensure certain public improvements, giving an impetus among other things to water-works for the city and opening a first class, centrally located, modern hotel, but will place the Patapsco Institute property into the hands of a gentleman who wil convert it into a fashionable summe resort calculated to bring people of wealth and influence to become acquainted with the picturesqueness and salubrity of this section.

There seems to be every indication that the General Assembly will grant the legislation asked.

ELECTRIC PLANT AT OELLA. Mr. Dickey Says His Firm May Branch Out

Later On.

Messrs. Wm J. Dickey & onshave completed arrangements for 400 16 candle power electric lights for the Oella cotton mills. As the days are lengthening the present need of the lights is not so urgent as when darkness fails early in the afternoon, and this may delay

full equipment until next fall. A member of the firm stated a few days since that when the plant was in an effort would no doubt be made to branch out, and in the event of the electric road being built from Baltimore by way of Edmundson Avenue to this point, the abundant water power of the Messrs. Dickey would be offered for the purposes of a power house. This gentleman further said that their was suffi cient water power available for a road two or three times the length of the one proposed.

A NEW PAPER MILL.

An Effort to Build One on Sucker Branch

Efforts are being made to form a stock company for the erection of a paper mill on Sucker branch near the Baltimore and Ohio Railroad. The promoters of the enterprise propose raising a capital stock of \$25,000. Among those chiefly concerned are Messrs. Mentzel & Sons, of Baltimore, proprietors of the Oella paper mill. These gentlemen are willing afternoon. to become largely interested in the enterprise. They have been in the paper business for years and are thoroughly familiar with its scope and possibilities.

THE ELECTRIC LIGHT.

Begin March 1.

The first test of the electric light was made Tuesday night and was satisfactory. Connection had been made only on the Main and Ellicott streets circuit. The light on this circuit has been on each night since and results have even exceeded expectation. Connection on the Baltimore county

circuit which takes in the TIMES office and B. & O. depot will be made by March 1, from which date the light will be furnished regularly. The street lamps, as previously described, will be put in so soon as the city is ready to contract.

THE OBSERVANCE OF LENT.

Cardinal Gibbons Issues Regulations Which Bind Good Catholics. Cardinal Gibbons has issued the following regulations for Lent in this

archdiocese : Ash-Wednesday, the first day of Lent, falls on the 2d day of Marci. All the faithful who have completed their twenty-first year, unless exempt by | Trimble. dispensation or some other legitimate

They are to make one meal only a day, except on Sunday.

The meal permitted on fast days is not o be taken till about noon. A small refreshment, commonly called oliation, is permitted in the evening. The following persons are exempt from the obligation of fasting: Persons under twenty one years of age, the sick, nursing women, those who are obliged to do hard labor, and those who, through weakness, cannot fast without great prejudice to their health. The faithful are reminded that, be sides the obligation of fasting imposed by the church, this holy season of Lent should be, in an especial manner, a time of earnest prayer, of sorrow for sin, of seclusion from the world and its amuse-

nents, and of generous alms-giving. By virtue of an indult to the United States, dated August 3, 1887, the following special dispensations are granted: The use of flesh meat is permitted at all meals on Sundays, and once a day on Mondays, Tuesdays, Thursdays and Satirdays, with the exception of the second and last Saturdays of Lent. But flesh neat and fish are not to be used at the same meal during Lent, even on Sun-

The use of butter, cheese, milk and eggs is also permitted every day in It is allowed to take in the morning some warm liquid, as tea, coffee or thin

chocolate, made with water, and with this liquid a mouthful of bread. Those for whom the hour of noon may be an inconvenient time for dinner may invert the order and take their collation in the morning and their dinner in the

evening. The use of hogs' lard, or dripping, in stead of butter, is authorized in preparing permitted food. Persons exempt from the obligation of fasting are free to take meat more than once on those days when its use is

granted by dispensation. The paschal time extends from the first Sunday in Lent till Trinity Sunday, during which time all Catholics who have attained the proper age are bound to receive worthily the holy communion. The holy season of Lent is a very proper time also for children to make their first confession, which they ought to do generally at about the age of seven years. Parents should see to this.

WHAT CORRESPONDENTS OF "THE TIMES" WRITE ABOUT.

A Brilliant Ball at Diamond Ridge-Festivities at the Lisbon Methodist Parsonage-Funeral of George H. Kemper-Notes from Alberton-Other Matters.

Woodstock, Feb. 23.—One of the most enjoyable and largely attended hops of the season was given Thursday evening by Miss Mary Humphrey at the residence of her brother, John T. Humphrey, at Diamond Ridge. The company included friends from Baltimore city, Baltimore, Howard and Montgomery counties. Miss II. Humphrey was assisted in receiving her guests by her charming friend, Miss Rosa Heacock, and so graciously did they perform their duties that each and every one felt himself or herself the especial guest of the

evening. The floor managers were Messrs. George A. Humphrey and T. K. Hart ley and they were unceasing in their efforts to make every one have a thoroughly enjoyable evening The dancwhich had been tastefully festooned with evergreen for the occasion. The music was excellent and under the leadership of Prof. Sauerwald, of Baltimore. The programme included twenty selections.

A handsome collation was served at midnight which was thoroughly enjoyed by all and more especially by those who had been tripping the light fantastic toe without cessation. The hall presented a scene long to be remembered. It was brilliantly illuminated, most the ladies were in evening costume and many wore exquisite flowers The music was inspiring, the perfume of the flowers delicious diamonds flashed and "bright the lamps shown o'er fair women and brave men." The disciples of Terpsichore did not cease the ever pop-ular waltz until the king of day made his appearance in the East when the guests began to depart, each,on pressing the hand of the charming hostess on departing, declaring the occasion very. very enjoyable.

Those present were Misses Lily Moke Lena Dauphin, Florence Hanson and Messrs. Kent Moke, Charles 'Hartlove, Frank Zeigler, of Baltimore City; Misses Ada Kaiser, Emma Cotterili, Agnes Bewv, Mamie Bewly, of Oella; Messrs.
